Dear

I am a fan of Callestick Farm Cornish Dairy Ice Cream and would love it to be available in your business. Their ice creams are made using fresh milk from their own herd of cows, Cornish cream and only the finest fruits and confectionery.

The ice cream is available in catering and retail packaging to both Cornish businesses and nationally and so I am sure it could work for you.

Perhaps you could give them a call and they can introduce themselves and fill you in on the details?

You can count on me as your first Callestick Farm customer!

Kindest regards

.....

Stock Callestick Farm ice cream please!
